INTRODUCTION

In accordance with Federal Regulations, this document outlines the budget for the Morgantown Monongalia MPO for Fiscal Year 2021-2022, which begins July 1, 2021. In addition to identifying the funding sources for work to be performed in the upcoming year, it also fulfills the requirement that the MPO provide a summary of the work the MPO has performed in the previous fiscal year.

STUDY AREA

The Morgantown Monongalia MPO covers Monongalia County including the municipalities of Blacksville, Granville, Morgantown, Star City, and Westover.

The MPO’s Policy Board includes representatives from:

1. Monongalia County (pays one half of any local match requirements) - three county commissioners
2. City of Morgantown (pays one half of any local match requirements) - three council members
3. City of Westover — one elected representative
4. Town of Star City — one elected representative
5. Town of Granville — one elected representative
6. Town of Blacksville — one representative
7. Mountain Line Transit Authority — one representative
8. Monongalia County Board of Education — one representative
9. West Virginia University — one representative
10. West Virginia Department of Transportation — MPO liaison
Accomplishments

During Fiscal Year 2020-2021 the Morgantown Monongalia MPO staff worked with the West Virginia Department of Transportation and the area’s local governments to improve transportation in the region. The MPO’s efforts were focused on updating the transit element of the plan and the implementation of the area’s 2045 Long Range Transportation Plan. Other tasks were limited due to the unforeseen impacts of the Corona Virus. Please find below a short description of these activities.

The primary focus of the MPO during the fiscal year was working with a consultant to update Mountain Line’s short to medium term transit plan. In addition to the review of Mountain Line’s existing services and the identification of the agency’s future needs, MPO Staff worked with Mountain Line staff and representatives of the Morgantown Parking Authority and WVU to get an Accelerating Innovative Mobility grant to expand the study to include the identification of a unified fare/fee collection system that can work for the partner agencies. This effort was successful.

Other work performed by MPO Staff during FY 2020-2021, included:

Development of an RFQ for a consultant to update the area’s Metropolitan Transportation Plan (MTP) to include an updated Regional Travel Demand Model, the inclusion of the recently completed Bicycle and Pedestrian Plan and Transit Study in the MTP, the development of local performance measures and revisions to the area’s goals and objectives and the fiscally constrained Plan. This work is to be conducted in conjunction with the update of the Comprehensive Plans for Granville, Monongalia County, City of Morgantown, Star City and the City of Westover. The consultant for this project will be selected and the project underway shortly.

Participation in the development of several Preliminary Investigation and Environmental Studies for three programmed projects. These projects were the the Van Voorhis Widening project, the Greenbag Road Widening project, and the Beechurst Avenue spot improvement project. This work included coordination with various stakeholders including Mountain Line Transit, WVU, and the various jurisdictions where the projects are located.

MPO Staff also worked to keep the University Avenue/Collins Ferry Road intersection improvement project and the WV 7/ SR 857 intersection project moving forward. Staff also worked to keep the MPO Policy Board informed of the construction process for the Mileground Widening project. Since both projects are in the right of way acquisition process, the MPO’s ability to impact the project progress is limited.

In addition to project work MPO staff, performed several duties to maintain traffic related databases these databases include an annual traffic count program and an accident database. The 2019 traffic counts were taken in April and October to allow for the development of peak period factors. The accident database was updated using additional data available from the WVDOH. It should be noted that, due to the decline in traffic attributable to the COVID 19 pandemic, the MPO did not have traffic counts taken in 2020. To account for 2020 the MPO’s database will be updated using counts taken by
WVDOH. Staff also initiated the creation of a subcommittee of the Technical Advisory Committee to advise staff on the creation of a bicycle and pedestrian count database.

The MPO has been working to implement the Regional Transportation Demand Management program. During FY 2014-2015 MPO staff, working with Mountain Lines Mobility Coordinator instituted a coordinated advertising campaign and a redefined incentive package for new van pools. The momentum from this effort continued in FY 2019-2020 when there were two ongoing vanpools. Since that time the initial funding for the program has been expended. MPO Staff successfully sought funding for the continuation of this initiative in FY 2020-21.

During FY 2020-2021 MPO Staff also assisted Monongalia County, and the City of Morgantown in evaluating the impact of ongoing development on the transportation network as new development is proposed. MPO Staff also provided significant assistance in the development of transportation and parking guidelines for the Monongalia County Subdivision ordinance.

MPO Staff continued work begun in 2013-2014 with the other MPO’s across the State to develop an MPO Association to share best practices in transportation planning and to enhance coordination with WVDOT. The MPO Executive Director was the vice-chairman of the WVAMPO in 2020, and he worked to develop the program for the 2020 Conference. Unfortunately, the Conference was canceled due to the ongoing pandemic.

Operational initiatives undertaken during FY 2020-2021 included work to implement transportation performance measures as required by the FAST Act. With the addition of a part-time staff person shared with Monongalia County the MPO expanded its online presence to include several new platforms including Twitter, Linkedin, a larger presence on Facebook and other social media. The presence of citizens at the MPO’s Committee meetings grew with this effort. The new employee also worked to standardize the format of the MPO’s letter head and other documents. Normal operations included MPO consideration of numerous TIP Amendments by the MPO’s committees. MPO Staff also performed other normal administrative functions including financial management, staff technical support to the Pedestrian and Bicycle Board’s, and other similar tasks.
FOCUS FOR FISCAL YEAR 2021-2022

Local initiatives:

Major initiatives to be under taken this year include:

During FY 2020-2021 the MPO developed an RFQ for the selection of a consultant to update the highway portion of the Metropolitan Transportation Plan beginning during FY 2020-2021. The actual planning effort has been split between FY 2020-2021 and FY 2021-2022. The MTP Update is coordinated with the City of Morgantown’s, Monongalia County’s and other jurisdictions Comprehensive Plan Updates. This allows all of the Comprehensive Plans and the Transportation Plan to benefit from the same public involvement activities. The focus of the MTP update for the MPO will be updating the highway portion of the MTP and creating an opportunity for the public to comment on all aspects of the MTP including the recently completed Transit Plan and the Bicycle and Pedestrian Plan.

In response to a recommendation of the Transit Plan and a request by Mountain Line Transit MPO staff will investigate the potential for improving the operation, particularly left turns, of selected intersections along Mountain Line Transit’s routes where Mountain Line vehicles need to make left turns. The potential improvements looked at may include physical improvements requiring construction and or operational improvements up to and including warrant analysis for the installation of signage or signals. Staff will also examine if the MPO can be of assistance in identifying locations for sidewalk and bus stop improvements to assist in optimizing access to Mountain Line routes for the physically impaired.

As recommended in the Metropolitan Transportation Plan, MPO Staff in FY 2020-21 investigated establishing an ongoing bicycle and pedestrian data collection program. Initial discussions of such a program indicate that collecting this data every two to three years at select locations will be adequate in the beginning of the program. These efforts will build on the recently completed Bicycle and Pedestrian Plan Update. Staff will finalize with the MPO’s Committee’s to determine the appropriate locations and time frame for these efforts.

During FY 2019-2020 the MPO hired a part-time employee to expand its public outreach efforts as identified in the MPO’s Public Involvement Policy. This staff person is responsible for developing a newsletter to be issued at least quarterly, website maintenance, and the MPO’s social media presence. These efforts will continue in the upcoming Fiscal Year.

Other tasks:

The MPO will reinstitute the traffic count program once the travel situation becomes more reliable. The purpose of the program will be to update the annual traffic count database with counts taken for the MPO as well as counts taken by other local agencies. The first counts for this database were taken in April of 2011 and April 2012. This database provides the MPO with base data, which may be used to project the future growth of traffic, as well as to provide decision makers with complete information about the existing conditions in the area. This data will continue to be available to the public at large for
use in developing business plans and other marketing efforts, and to the area’s municipalities so they may evaluate the impact of proposed new development in the area. The traffic counts will be of use to the MPO in assessing the Long Range Transportation Plans model, as well as in identifying areas where operational improvements to the road network may be needed. The information will also be useful to the Division of Highways when planning operational improvements to the area’s transportation facilities.

MPO Staff will work to implement the process for monitoring and reporting on the impact of transportation decision-making in the TIP and the Metropolitan Transportation Plan on the safety and operational performance of the transportation system in accordance with the performance planning requirements of the FAST Act and MAP 21. MPO Staff will continue to provide ongoing administrative functions including scheduling and staff meetings, preparation of minutes and other arrangements for the MPO’s standing committee meetings. Staff will continue preparation of Transportation Improvement Program amendments, preparation of the budget, performance of human resource functions and intergovernmental relations and public involvement activities. Staff will also continue to provide technical assistance to area municipalities as well as the Bike Board and the Pedestrian Board. Staff will also review the MPO’s Public Involvement Policy and the MPO’s Bylaws to determine the need for an update to the provisions of those documents. Staff will also continue to work with the statewide MPO Association on issues common to all of the state’s MPOs.
BUDGET ITEMS BY MAJOR CATEGORY

The Project codes used in this document refer to the work codes identified in the MPO's Prospectus.

II-A Continuing Transportation Planning Activities-Surveillance of Inventory Data

II-A-1 Traffic Counts- MPO will reinstitute the annual traffic count program as traffic resumes more normal patterns after the effects of the current pandemic are judged to be concluded. The initial program included 58 locations counted in the spring of 2012. As of the 2014 counts the MPO had 74 count locations around the urbanized portion of the County. As of 2019 the number of counts was reduced to approximately 58 due to budgetary constraints. The data collected includes daily directional traffic volumes, peak period traffic volumes and vehicle classification counts at selected locations. These counts supplement traffic counts taken every three years in the area by the Division of Highways they will be used both as base data for traffic modeling efforts and as information for decision-makers as they consider the impact of proposed development in the area. These counts will be performed by a consultant team already on contract with the State of West Virginia to perform these services. The MPO will also seek to augment these counts by upgrading traffic count technology to have the capability to collect data on both bicycle and pedestrian travel at selected locations and corridors.

II-A-4 Traffic Accidents-MPO Staff will continue to collect, quantify and locate traffic accident data as it becomes available.

II-A-10 Mapping- The MPO is using ArcGIS to work with Monongalia County to share data. This work will also include supplementing the County's recently acquired aerial photography with additional data.

II-B Long Range Transportation Plan Development

II-B-3 Model Update-The MPO regional travel demand model will be updated using data projected from the recent transit plan as well as the ongoing comprehensive planning efforts.

II-B-6-Community Goals and Objectives-The MPO will have a robust public involvement process to identify any new community goals and objectives since the last major update of the MTP and to validate those goals and objectives from the 2013 Plan Update that are still pertinent to the community.

II-B-8 Deficiency Analysis-Ongoing efforts to identify deficient elements of the transportation network.

II-B-9 Highway Element-the highway element of the MTP will be updated to reflect changes proposed in the area’s comprehensive plans on the network in the regional travel demand model and the recently developed transit plan as well as the bicycle and pedestrian plan.

II-B-10 Transit Element-The MPO's consultant will incorporate the recently updated transit plan into the update of the highway portion of the transportation plan. The update of the Transportation Plan will also be coordinated with the update of various comprehensive plans for area jurisdictions.

II-B-11 Bicycle and Pedestrian Planning- The MPO’s consultant will incorporate the recently updated Bicycle and Pedestrian plan into the update of the highway portion of the transportation plan.
II-B-13 Collector Street Planning- MPO Staff will provide support to area municipalities in reviewing proposed development to ensure that the proposed collector streets are adequate. Staff will also review proposals to ensure that the proposed connection between major arterials and collector streets are consistent with the capacity anticipated in the Long Range Transportation Plan.

II-B-16 Financial Planning- MPO Staff will continue to work for the development of funding streams for transportation in general and especially for implementing the Metropolitan Transportation Plan.

II-B-17 Congestion Management Strategies- MPO staff will review and coordinate with WVDOT/DOH on potential congestion mitigation strategies including ongoing TDM activities. MPO staff will also work with Mountain Line staff on the van pool program. MPO Staff will continue to provide information on operational improvements that may assist in the mitigation of congestion including an ongoing study of signalization improvements and the operation of the downtown Morgantown street network being conducted by the State.

III Administration

III-A Planning Work Program
MPO staff will monitor the revised Planning Work Program process to insure it is being adequately implemented. Staff will also develop the 2022 Planning Work Program.

III-B Transportation Improvement Program
MPO staff will update the Transportation Improvement Program (TIP) as needed. The MPO will work with WVDOH on updating the State Transportation Improvement Program operating procedures and updating the TIP to meet the revised procedures.

III-C-6 Public Involvement
The MPO will continue to televise Policy Board Meetings. Staff also anticipates increased public involvement activities associated with the TIP, and MTP. The MPO will continue to develop a newsletter and upgrade its online presence. Staff will also reach out to neighborhoods throughout the area to inform residents about the MPO and its activities.

III-C-7 Private Sector Participation-The MPO will seek to encourage private sector participation wherever possible with projects as they move forward. This effort will immediately focus on the implementation of the MPO’s TDM Project and in freight planning.

III-C-8 Performance Measures-MAP 21 and the FAST Act require the States and MPOs to establish and report performance measures to ensure that transportation investments are addressing national, state, and local priorities for safety, air quality, system reliability and transit and highway asset management. The MMMPO will be establishing the performance measures for these facilities during the upcoming fiscal year. These performance measures will need to be reflected in the MPO’s Metropolitan Transportation Plan and Transportation Improvement Program. This will be an ongoing task.

III-D-1 Transportation Enhancement Planning-MPO Staff will provide assistance with enhancement planning activities as requested by area agencies.
**III-D-2 Environmental Coordination**- MPO Staff will work with WVDOH to provide environmental resource agencies with information on projects proposed in the updated Metropolitan Transportation Plan to help ensure that environmental concerns are recognized as potential projects move forward to implementation.

**III-D-3 Special Studies**- MPO Staff will review and analyze selected intersections along Mountain Line’s routes where Mountain Line’s vehicles make left turns to determine if there are physical and/or operational improvements that can be made to improve the safety and efficiency of those movements. MPO staff will also examine Mountain Line data to determine the best locations for pedestrian infrastructure to enhance access to Mountain Line routes.

MPO Staff will conduct additional operational studies as requested.

**III-E Management and Operations** This line item includes normal administrative functions such as the cost of the MPO audit, supplies, insurance and other administrative cost.
### Cost Allocation Rate Table

All work performed outside program areas shall be charged at an hourly rate to cover actual expenses. Reimbursement/allocation rates are as follows:

<table>
<thead>
<tr>
<th>Position</th>
<th>Hourly Rate</th>
</tr>
</thead>
<tbody>
<tr>
<td>Executive Director</td>
<td>$58.92 Incl. benefits + Overhead</td>

CERTIFICATION

This is to certify that I have reviewed the indirect cost proposal submitted herewith and to the best of my knowledge and belief:

(1) All Costs included in this proposal dated for the period July 1, 2021 through June 30, 2022 are allowable in accordance with the requirements of the grant(s), contract(s), and agreement(s) to which they apply and which they apply and with the cost principles applicable to those agreements.

(2) This proposal does not include any costs which are allowable under applicable cost principles, such as (without limitation): Advertising and public relations costs, entertainment costs, fines and penalties, lobbying costs, and defense and prosecution of criminal and civil proceedings.

(3) All costs included in this proposal are properly allocable to grant(s), contract(s), and agreement(s) on the basis of a beneficial or causal relationship between the expenses incurred and the grant(s), contract(s), and agreement(s) to which they are allocated in accordance with applicable requirements. Further, the same costs that have been treated as indirect costs have not been claimed as direct costs. Similar types of costs have been accounted for consistently.

I declare under penalty of perjury that the foregoing is true and correct.

I. Metropolitan Planning Organization Handling Agency Compliance

A. To what extent does the MPO Handling Agency employ minority staff personnel in the program area under review?

The MPO only has two fulltime employees with one minority staff. The MPO will continue to ensure that there is no discrimination in hiring practices.

B. Has the Agency adopted a formal Title VI complaint process?

The Agency will utilize the complaint process identified in the Agency By-Laws for harassment for discrimination complaints. The By-Laws will be amended to identify this process.

C. Has the MPO received any specific Title VI complaints in the program area under review? If so, what corrective action has been taken?

There have been no complaints to our knowledge.

II. Consultant Contracts

A. What consideration is given to minority contractors in the selection of consultants for the transportation planning work?

Advertisement for potential consultant work includes reference to Title VI compliance and minority contractors are invited to participate in procurements.

1. Does the Agency establish and monitor annual Title VI contracting goals?

No, the agencies contracting opportunities are limited by the small size of the agency. The agency will track and encourage minority participation in contracting opportunities.
2. Does the consultant selection process include maintenance of records of qualified minority consultants?

Yes

3. What other methods or procedures are utilized to encourage use of qualified minority consultants?

Minority consultants are encouraged to submit proposals.

4. Are Title VI assurances and provisions included on consultant contracts?

Yes

B. Have consultants made positive efforts to employ qualified minority subcontractors? If so, to what extent?

Not that we are aware of.

C. What are the MPO’s procedures for monitoring consultant compliance with Title VI contract provisions?

The MPO will examine the hours worked by minority contractors and subcontractor on bills submitted for processing.

III. Urban Transportation Planning Process

A. What techniques and procedures are employed to provide data relative to minority populations, neighborhoods, income levels, physical environment, travel habits, etc.?

The MPO regularly examines the impact of proposed projects on the area’s minority community utilizing the most recently available Census data.

B. To what extent is the data considered in determining that a proposed transportation system will be capable of responding favorably to minority to group requirements? What techniques are used?

MPO staff utilizes GIS to examine the location of low income and minority populations and their location in relation to proposed facilities.
C. Do the MPO Transportation Plan and TIP include assessments of the impacts that planned transportation system investments will have on both minority and non-minority areas? Discuss the assessment methodology and resulting documentation.

   The MPO utilizes GIS to identify minority and low income populations and to assess the potential impact that any proposed project may have on these communities. The MPO performs these assessments as part of the LRTP update utilizing the most recently available Census Data.

D. To what extent has the MPO developed a formalized procedure (organization, responsibilities, etc.) to provide for citizen participation in the transportation planning process?

   The MPO has a formally adopted citizen participation process.

E. Are minorities, both individually and through their organizers, represented in the citizen participation effort? If so, how many and in what capacity?

   There are no specific minority groups represented in the MPO, outreach efforts seek to reach these communities through outreach to transit dependent and or low income employees.

F. Are there any further affirmative actions taken by the MPO to enlist the involvement and support of minority populations in the transportation planning process?
DISADVANTAGED BUSINESS ENTERPRISE ASSURANCE

In accordance with CFR 26.13(a), the MORGANTOWN MONONGALIA METROPOLITAN PLANNING ORGANIZATION assures that it shall not discriminate on the basis of race, color, national origin, or sex in the award and performance of any third party contract, or sub agreement supported with Federal assistance derived from the U.S. DOT or in the administration of its DBE program or the requirements of 49 CFR part 26. The Applicant assures that it shall take all necessary and reasonable steps under 49 CFR part 26 to ensure nondiscrimination in the award and administration of all third party contracts and sub agreements supported with Federal assistance derived from the U.S. DOT.
