Transportation Planner II

The Morgantown (WV) Monongalia Metropolitan Planning Organization (MMMPO) seeks a transportation planner II. Responsibilities include conducting and overseeing preparation of small to medium size multi-modal transportation planning studies and maintaining MMMPO databases and modeling capabilities including regional travel demand modeling and micro-simulation modeling. The job may involve local travel in and around Morgantown WV one-two times every month, and travel to a conference at least once a year and as required for training and maintenance of certification(s). The job is located at 243 High Street Room 110 Morgantown WV. Qualifications include a master's degree in city planning or transportation planning, plus two years of experience. Interested candidates should send resumes to Bill Austin, Executive Director, at baustin@labyrinth.net, or by regular mail to:

Bill Austin, AICP,
